#### PREE RECLINING CHAIR CARS.

The Henderson Route"—Always First
The traveling public will be pleased
to learn of the latest innovation in the way of comfort in travel for its patrons which is now being offered by that most popular railroad, the "Henderson which road has been rightly termed the "Kentuckian's Official Route to the West and Southwest."

It has just been announced from the general office of the Louisville, Henderon & St. Louis Railway that they now have in service on their night trains etween Louisville and St. Louis, Free Reclining Chair Cars, which have just been received from the shops and are a revelation in the car builder's art.

The cars are strictly up-to-date, firstclass "palaces of travel" on wheels, and this is only one of the many surprises which are promised the public for the World's Fair travel by the Henderson

Among other advantages offered in these highly finished cars, a few of the most important points only are men-

They are solidly vestibuled and are furnished with sixty-four reclining chairs, which are upholstered in beautiful green plush, in addition to smoking and toilet rooms, the smoking rooms being finished throughout in leather. They are also fitted up with triple trucks, which feature will do away with the jerk, jar and strin incident to bravel in the ordinary railway coach. and insures a smooth, comfortable ride. This should prove more than a popular feature in train service to the traveling public, and you can only suggest that in traveling you "get the 'Henderson Route' kabit."

Attempting to Draw the Japs Into a Trap.

Are Busy Fortifying the Mouth of the Yula River-Southern Manchuria Strikingly Full of Unusual and Active Life.

time approaches for the opening of Russian authorities are exercising greater vigilance to prevent the news of their plans for the disposition of troops in the theater of war from going abroad. For ten days not a scrap of real information, except such as is contained in official dispatches, has front. There practically exists an embargo upon news dispatches.

Paris, April 6.-The St. Petersburg correspondent of the Echo de Paris says that the Russian general staff is convinced that the Russians will await a Japanese attack on the right bank of the Yalu. They are now busily engaged fortifying the mouth of the river. A remarkable bridge has been constructed on the prolongation of the Wiju line connecting it with Pin Hu Jan.

The correspondent says the Russians are seeking to draw on the Japanese only sending small troops across the river.

St. Petersburg, April 6.-A press correspondent at Port Arthur who returned to the fortress' Monday from an inspection trip through Southern Manchuria, telegraphs that country is strikingly full of an unusual and active life, that the troops are vigorous and healthy and animated by a desire for active operations and that the entire native population, including that of the commercial world, is friendly to Russia and full of faith in the Russian arms. The correspondent says: "Russian money, which was shaky at the beginning of the war, is again firm.

"The Chinese volunteer militia formed there present a good appearance, wearing a special uniform with eqaulettes bearing the Russian national flag. The natives provide provisions freely and are selling horses brought from the surrounding country. The mandarins are an exception to this general rule, as they are cautious and are trying to carry water on both shoulders. As their conduct is passive it does the Russians no harm.

"The railroad holds out splendidly and works regularly, all the attaches of the road being imbued with the high importance of their task. Sentries are posted at the boundary and are doing duty in the neutral zone, dividing China and Manchuria. The weather is warm and the rivers are open. In itants have become accustomed to a state of war, though some of them are impatient that the enemy has been for so long a time invisible."

London, April 7.-The Daily Telegraph's Seoul correspondent says he learns from a Japanese sailor who participated in the attacks on Port Arthur that the Japanese fleet is divided into seven squadrons. Four of these are watching Port Arthur, the fifth patrols the Korean coast and the sixth and seventh cruise between Vladivostok and North Japan. Two torpedo boats were much damaged in the engagements, but otherwise the fleet was little injured. The damages to the Japanese cruisers Iwate and Yoshine have been repaired and the vessels have joined the fleet.

The Daily Telegraph's Wei Hai Wei correspondent, cabling under date of April 6, says Russian warships are patrolling the Gulf of Pe Chi Li, and that the London Times steamer was stopped and searched 30 miles outside of Port Arthur Tuesday.

Port Arthur, April 7.-The Russian battleship Pereseveit reports that she sighted the enemy Wednesday in Kwan Tung waters. All is quiet here.

London, April 7.—The Times correspondent, who is cruising in the vicinity of Port Arthur, cabling concerning the hold-up of his vessel by a Russian warship, says it was the armored cruiser Bayan flying the flag of Vice Adm. Makaroff, which chased and later searched his steamer. He says the Bayan shows the scars of the damage recently inflicted upon her by the Japanese but that she is a fine ship and well handled.

A RIOT IN CHICAGO.

Union Strikers Make An Attack on Non-Union Werkmen.

Chicago, April 6 .- Although it was announced Monday night that the strike at the American Can Co.'s plant in this city had been settled, the rioting around the place was fiercer Tuesday than ever, and one man, John Nichols, lost his life. The fighting began early in the morn-

ing when 300 Greeks who have been -employed during the strike, attempted St. Petersburg, April 5.-As the to come to the factory. They were met at the gates by union pickets, who land operations on a large scale, the attacked them with stones and clubs. A large detachment tried to maintain order but only with moderate success. A shot, fired from the crowd, aroused the Greeks to fury. The Greeks, who had entered the factory. came pouring out armed with knives and revolvers, and attempted to attack been given out or has come from the the union men and their sympathizers, who were assaulting their countrymen at the gateway. The police, after a desperate struggle, managed to keep the two bodies of men apart and drove the Greeks into the factory and dispersed the crowd on the outside. In this fight a number of men were battered up, the most seriously hurt being

> by a knife. At night when the 300 Greeks left the place they were attacked by a mob fully 1,000 strong that pelted them with stones, sticks and bottles. The police, however, escorted them to the train without anybody having been seriously injured, although quite a number of men on both sides were

William Rohrbach, who was struck on

the head by a stone, and Antonio

Soukasbos, whose wrist was slashed

After the Greeks had reached their train it is said somebody on the cars fired a shot, the bullet killing Nichols instantly.

> Des Moines, Ia., April 6.-John P. White, president of the Mine Workers, and Charles H. Morris, president of the Iowa Operators' association, have called a second conference for next Monday. The conference was asked for by the miners and it is taken to mean that the strikers will give in and the strike will be settled Monday. When President White, of the Mine Workers, asked President Morris, of the operators, for a conference, the latter replied that there was no use cf a conference unless the miners would come to the terms of the operators. The fact that the mine workers agreed to a conference under these terms indicates a victory for the operators.

Miss Hapgood tells how she was cured of Fallopian and Ovarian Inflammationand escaped an awful operation by using Lydia E. Pinkham's Vegetable Compound.

DEAR MRS. PINKHAM: - I suffered for four years with what the doctors called Salpingitis (inflammation of the fallopian tubes) and ovaritis, which are most distressing and painful ailments, affecting all the surrounding parts, undermining the constitution, and sapping the life forces. If you had seen me a year ago, before I began taking Lydia E. Pinkham's Vegetable Compound, and had noticed the sunken eyes, sallow complexion, and general emaciated condition, and compared that person with me as I am today, robust, hearty and well, you would not wonder that I feel thankful to you and your wonderful medicine, which restored me to new life and health in five months, and saved me from an awful operation."—Miss Irene Hargood, 1022 Sandwich St., Windsor, Ont.

Ovaritis or inflammation of the ovaries or fallopian tubes which adjoin the ovaries or innammation of the ovaries of fallopian tubes which adjoin the ovaries may result from sudden stopping of the monthly flow, from inflammation of the womb, and many other causes. The slightest indication of trouble with the ovaries, indicated by dull throbbing pain in the side, accompanied by heat and shooting pains, should claim your instant attention. It will not cure itself, and a hospital operation, with all its terrors, may easily result from

"DEAR MRS. PINEHAM: —I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you telling how I felt, I had doctored for over two years steady and spent lots of money in medicine besides, but it all failed to do me any good. My menses did not appear in that time, and I suffered much pain. I would daily have fainting spells, headache, backache and bearing down pain, and was so weak that

it was hard for me to do my work.
"I used your medicine and treatment as directed, and after taking three bottles of Lydia E. Pinkham's Vegetable Compound, menses appeared, my womb trou-bles left me, and I have been regular ever since. I used fourteen bottles of

Lydia E. Pinkham's Vegetable Compound and Blood Purifier together, and am now restored to perfect health. Had it not been for you, I would have been in my grave. "I will always recommend your wonderful remedies, and hope that

these few lines may lead others who suffer as I did to try your remedies."-Mrs. T. C. WILLADSEN, R. R. No. 1, Manning, Iowa. Such unquestionable testimony proves the power of Lydia E. Pinkham's Vegetable Compound over diseases of women.

#### "Do It To-Day."

The time-worn injunction, "Never put off 'til to-morrow what you can do today," is now generally presented in this form: "Do it to-day!" That is the tearse advice we, want to give you about that hackling cough or demolish. ing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-DAY-and let that remedy be Dr. Boschree's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure-at it has done before in thousands of apparently hopeless cases of lung trouble. FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, April 5 .- Senate-Although the post office appropriation bill was before the senate nearly the entire day, the early debate on the measure was in relation to general land laws. Mr. Gibson (Mont.) denied that the proponents of the bill for the repeal of the desert land act and the commutation clause of the homestead act were proceeding at the instigation and in the interest of land grant railroads. Considerable progress was made with the post office appropriation bill. Both provisions of the bill relating to sites for post office purposes in New York city as amended by the senate committee ed by the senate committee were agreed to. Other important amendments agreed to provide for the transfer of the free delivery service from the office of the fourth assistant postmaster general to the office of the first assistant postmaster general, was struck out, the age limit for cars used in the railway mail service and eliminated the restrictions placed on first and second class postmasters in the matter of telephone service.

House-An attempt to secure consideration under the suspension of the rules of the bill appropriating \$475,000 for the Lewis and Clark centennial exposition to be held in Portland, Ore., in 1905, failed after the house had divided several times and the roll had been called twice. The military academy appropriation bill was taken up and after Mr. Parker, in charge of the bill, had explained its features briefly. Mr. Goldfogle (N. Y.) spoke in behalf of the Jews of the United States, for whom he asked equal treatment and protection while traveling in Russia. Mr. Livernash (Cal.) made an attack on President Roosevelt, and Mr. Morrell (Pa) discussed the Negro ques-

Washington, April 6 .- Senate-The senate Tuesday listened to a two hour speech by Mr. Morgan on the Panama canal question and then again took up the post office appropriation bill, but adjourned without completing its consideration. Some important amendments, aside from those suggested by the committee, were agreed, to among them one increasing from 2 to 4 ounces the size of franked letters and another adding 25 members to the force of rural free delivery agents. Mr. Morgan's speech was in special advocacy of his resolution requesting information from the attorney general concerning concessions to the original Panama Canal Co. and was in the main an arraignment of the new Panama company.

House-The proceedings in the house were enlivened by speeches by Mr. De Armond and Mr. Grosvenor, the former attacking the republicans for failure to order an investigation into the post office charges and to revise the tariff and the latter vigorously defending the republican party and lauding President Roosevelt for the part he played in the postal investigation, the passage of the Cuba reciprocity law and the treaty with Panama for the construction of an isthmian canal. Earlier in the day Mr. Prince (Ill.), in a vigorous speech, predicted friction between the general staff of the army and the secretary of war. The military academy bill was passed without amendment.

Washington, April 7.—Senate—After party. waiting with much patience for many days, Mr. Hepburn Wednesday found opportunity to speak to the senate on subject of pure food. Technically the speech was in support of a resolution calling on the secretary of agriculture to send to the senate the results of the investigations made by his department into adulterated foods, but in reality it was in support of the pure food bill. Mr. Hepburn contended that a very large proportion of foods, drugs and liquors were adulterated and that many drugs were absolutely poisonous. The greater part of the remainder of the day was devoted to Mr. Quarles' amendment for grading the salaries of rural free delivery carriers. Finally it was declared out of

House-In a five hour session, the house passed 17 bills relating to the District of Columbia, including one incorporating the Carnegie institute. It also passed the Bowman omnibus bill, carrying approximately \$228,000 for the payment of small claims, agreed to the conference report on the fortifications bill and instead on its disagreement to an amendment on that bill providing for the purchase of a submarine boat. The Alaska delegate bill was taken up, and Mr. Cushman (Wash.) made a long explanation of the measure, setting out necessities of the territory in the way of representation in congress.

FOR JUDGE OF COURT OF APPEALS.

TO THE VOTERS OF THE FIFTH AP-PELLATE COURT OF KENTUCKY:-I am a candidate for Judge of the Court of Appeals from this District, subject to the action of the Democratic party. As Circuit Judge, it became my duty to try a number of criminal cases, which have become a part of the State's history and at a most critical time. As Judge of the State Fiscal Court, it fell to my lot to construe the Statutes adopted, to put in force the provisions of the new Constitution, as well as to construe the present Constitution whenever a troversy arose as to its proper construction. Almost innumberable cases have

burdened the dockets of my court, touching the rights of corporations and the exercise of franchise under law. How well I have discharged my duties under such trying circumstances, is left to you to de-

FOR CONGRESS:

We are authorized to announce W. P. Kimball, of Fayette county, as a candidate for the Democratic nomination for Congress from Seventh District, subject to the action of the district convention to be held in the city of Lexington on Thursday, May 12, 1904.

I am a candidate for re-election to Congress from this District, subject to the action of the Democratic party. I believe in getting as close to the people as possible, and it was my desire that a primary election be held to select a Democratic nominee for Congress, so that every Democrat could have the privilege of going to his precinct voting place and expressing his choice, but my opponents desired mass conventions at the county seat, and the committee so ordered.

I am now serving my second term as your Representative. I have endeavored, to the best of my ability, honestly, faithfully and conscientiously to do my duty. It is my highest ambition to se cure legislation for the relief of the farmers, who have been so grossly imposed upon by unjust laws, and I feel that my experience has fitted me to render valuable service on this line, if I am permitted to continue to represent my

My official duties in Washington will prevent me from making an active per sonal campaign in all the counties of the district, therefore, I will have to rely on my friends to take care of my interest, which I have an abiding faith they will do. Trusting my service as a member Va. Though considerably better than of Congress meets with your approval and hoping my candidacy will receive your valuable aid and support, I am
